

Ultraboard Signs — 3/16" Thickness

8 Sizes: 2x2 to 4x8 feet · File Specification Sheet

SPECIFICATION	REQUIREMENT
Print Size	2x2 through 4x8 feet (8 sizes)
Material	3/16" high-density foam board
Minimum Resolution	150–300 DPI at final print size
Bleed Required	With or without bleed accepted
Color Mode	CMYK — PMS/Pantone not guaranteed
Accepted File Formats	PDF, AI, EPS, PNG, JPG
Standard Turnaround	2–3 business days

IMPORTANT NOTES

- Significantly more rigid than standard foam board — ideal for premium displays
- Optional: hole drilling (+\$1/sign), rounded edges (+\$4/sign) — note in order comments
- PMS/Pantone colors not guaranteed — CMYK matching only
- Indoor use recommended for longest print life

FILE SETUP GUIDELINES

- Set document to exact board size at 150 DPI minimum
- 300 DPI recommended for smaller boards viewed up close
- Outline all fonts and embed all images before exporting
